The Test

6 1 1

Chapter 1 by PM

I'm just an ordinary 12 year old girl. I go to school like any other girl in my city. I act like any other girl. I have an older brother, or a sibling like any other girl. I have an ordinary name, Kate. But there is one difference to the other girls. I'm an orphan.

Chapter 2 by Julian Farrer

Always dodging the authorities, always begging for scraps, I can't believe my life. Until the day when the story begins. The day where I was found and taken to the strange lab with bright lights and poked me and connected wires to my brain! When I woke up, I was in a pixelated world with skulls floating all around me!
